PRESENT:

Mike Barron, City of Calimesa/President; James Bean, Beaumont-Cherry Valley Water District; Alfred Blair, Four Seasons; Henry Ciesielski, Four Season EPC; Ed Clark, Calimesa City Council; Kevin Dickson, Cherry Valley Healthcare Maint. Supr.; Fran Flanders, Highland Spring Village; Dave Graham, AMR Supervisor; Joey Hunter, SGMH; John Keith, Plantation on the Lakes; Mike Martin, Retired SCE; Mike Mendoza, Four Seasons EPC; T.J. Moody, Sun Lakes Country Club; Dennis Rice, Solera; ; Elizabeth Santoyo, United Care Services; Sam Shoemaker, SPARC President; Michael Simon, Plantation on the Lakes; Larry Spence, Plantation on the Lakes/LCS; Leonard Tavernetti, Four Seasons; DeEsta West, Secretary/LDS Church; Don Stuart, Highland Springs Country Club; Delia Tarang, Banning Health Care; JR Madrazo, Banning Health Care.

Call To Order	Mike Barron called the meeting to order at 08:30 AM	
Self-Introductions		
OLD BUSINESS		
Proposed Action Minutes	Minutes from August and Sept were approved by Sam Shoemaker (1 st), Mike Mendoza (2 nd) then unanimously approved after one change on the Sept. minutes- Joey Hunter said it was supposed to be the Hospital Annual Golf Tournament	
Treasures Report	T.J. Moody reported that there is \$886.38 in the PASSCOM account as of 10-1-19.	

AGENCY UPDATES:		
PASSCOM Website	Dennis Rice reported that there were 366 users and 605 hits in Oct. Website is www.passcom.us .	Send or email Dennis flyers to post
Riverside County EMD	Justin Gardiner reported that they had many no shows at the Idyllwild CERT class. They only had 20 people. There will be a CERT field day in March. He brought and passed out some pamphlets about RIVCO Ready. If you sign up it will inform of alerts and if you are evacuated when you can come back. He will bring a sign in sheet next time which helps him with the grant he received. (Mike Simon made a comment "If you sign up show up". There is a Beaumont safety fair. The Beaumont police are in charge. It will be held Oct 11 from 3-6pm at the Chatigny Senior Center (1310 Oak Valley Parkway). There is a safety fair in Menifee Oct.19 from 9am-2pm at the Senior Center (29995 Evans Rd.) There is a lot of training going on and exercises. The Morongo Tribe just had a good exercise. CA for all Funding is being used well. They did not have any live actors for the last CERT training so they had to improvise. It worked out well. Marissa Evans of the Beaumont School District has been working with them. (Mike Simon commented that Beaumont was going great with CERT and Emergency preparations). On Nov.9 there is a Spoke Run (Motorcycles). It is a fundraiser for fallen officers and their families. He then reported on where some of the funds have been distributed. Please see website at www.rivcocert.org .	
San Gorgonio Medical Hospital	Joey Hunter reported that they are doing a Golf Tournament Oct. 17 and 18. Dinner is on the 17 then they play golf on the 18. Global Branch Services are looking for grants.	
Beaumont City Council	Lloyd White reported that the Cherry Festival is coming up. They are having many guest coming like Rick Springfield, Dennis Quaid and others. It will be a great event. They are also working on traffic- widening Pennsylvania and 6 th and the overpass. He also said that he is running for State Senate replacing Mike Morrell.	
Calimesa City Council	Ed Clark reported that they are getting a new market and working on the interchange	
Presenter	Mike Martin retired Southern California Edison (SCE)	
	List of lessons learned from Hurricane Andrew in 1992. The Hurricane was a Category 5. It did \$26.5 billion in damages to the Bahamas, Louisiana and Florida (obliterated Homestead). One year after the Hurricane, SCE hosted a conference of Florida business and government leaders. What happened to the businesses? One third of the population moved out. 40% of the businesses did not reopen and 25% had loss of	

employment. Life line industries-are those businesses that will not recover until businesses recover-ie. gas and electricity, water, gas stations, grocery stores, banks etc. Businesses will not recover until their employees and customers recover. If a business does not open within two weeks they usually do not reopen. Businesses must take care of employees and their families. They must be able to provide food, water, shelter, child care etc. Payroll must continue. Possible offer low interest loans. Every business does business with other business. Have an agreement with them (Mutual Aid Agreement) ie. hotels, trash, security etc. Cash overnight- one bank took boxes of money and had people sign a paper for the loan. 90% was repaid. Why people don't plan- it won't happen to me, insurance will cover losses, the government will bail us out etc. After the conference Edison, with the assistance of an outside consultant, had all the food chains involved in a mutual aid agreement. Edison set up business disaster recovery teams. Mike helped form the San Gorgonio Pass Business and Community Disaster Recovery Team. Personal Comments- most HOA's have a plan for the residents but not for the "business end" of the HOA. HOA is like a business- it is responsible for residents. All have assets that need to be protected. People are going to go to the lodge. People look for shelter, food and security. Four Seasons has a great set up with the way large structures are positioned throughout the community for residents use after a disaster. Does your HOA have an emergency plan? (Mike Mendoza asked-Did anyone have a plan prior to the Hurricane?) Not that he was aware of. (Larry Spence commented that he worked for a bank and had never heard of anything like that). Mike Martin had a small business where he had agreements. He was dependant on the computer. He paid a gentleman \$1100/month to have him available in case something went wrong on his computers. (Larry Spence asked how many people have food storage? Len Tavernetti said 3,000 people. He went on to say that since the HOA at Four Seasons cannot help everyone, the decision has been made that they would not help anyone and send residents away if they come to the lodge, etc., looking for assistance. Food is stored at individual houses. Mike Simon said people are not prepared.) Dennis Rice said we need to 1. Educate people to be self-sufficient 2. Communicate 3.CERT 4. Emergency Readiness Advisory Committee. His HOA is just now considering everything that was brought up in the presentation, ie.: A HOA should be considered a business when planning for an emergency. How and what to do in an emergency-Question-who is going to be called in an emergency- develop a plan. Mike Simon-Serrano Del Vista-worked on CERT team etc. They are pretty self-contained. Everyone is learning. Mike Barron said that apathy is our biggest enemy. He won't buy a house before 1969. Houses are not designed to implode on each other (they will fall in and leave pockets). The new houses are too ridged).

	<p>Mike responded that his presentation was designed to hopefully get people thinking about how they can help each other during and after a disaster. Mike also believes that HOA Management Companies and Food Service Vendors should have a plan to take care of their employees and their families in order for the employees to report to work after a disaster. If they don't, and no one reports to work, it will be a different type of disaster for the HOA with residents coming to the lodge, etc., looking for assistance and not receiving any.</p>	
	<p>Round Table Other Agency / Organization Reports</p>	
RIVCO EMD	Justin Gardiner thanked Sam Shoemaker for helping at their fair.	
Plantation on the Lakes	John Keith thanked Mike for his presentation	
Plantation on the Lakes	Larry Spence reported that the Plantations emergency preparedness coordinator resigned. Hopefully someone will step up by Jan.	
Calimesa City Council	Ed Clark asked for more RIVCO pamphlets. He asked Mike Martin where he could find the stats he used to take to the city.	
Four Seasons	Mike Mendoza reported that the Four Seasons is going to have a Stop the Bleed training on Oct. 13. It take 1.5-2 hours.	
SPARC President	Sam Shoemaker reported that he assisted Joey Hunter in Emergency Communications. Last week they finished installing the antennas and radio. They received computer and forms. Alternate EOC in Banning. MESH-sending files and is expanding. It is a good system. He just attended a conference on Sat.	
SGMH	Joey Hunter reported that the command center does not have emergency power. He also wanted to thank the first responders and the fire department. The Horseshoe fire came fast and was basically at his front door. He did not get evacuated.	
Four Seasons-EPC	Henry Ciesielski reported that he just found out that the week of Oct.9 is National Fire Prevention Week. It is a good idea to check on smoke detectors. (Justin Gardiner also added to check on fire extinguishers. Len Tavernetti added that it is hard to get rid of old extinguishers.) Anita Worthen is their ambassador. HOA's are private vs. City. There are 18 street lights out- Who is responsible HOA or City? HOA's work with the City. You are part of the City. You cannot over ride them. You have to follow the law and it limits what you can do. It is important to have a dialog with the city. (Dennis Rice said that it is important for HOA's to talk with each other. The HOA's came together last year).	
Beaumont-Cherry Valley Water District	James Bean reported that the water district is having their centennial celebration tomorrow (It has been around longer than 100 years). It is open to the public at the office. Recycled water is very close to being available. Next step is getting permitted. In the event of a disaster people need to know that	

	recycled water is in the purple pipe. He went to a meeting in San Diego. By 2030 one third of San Diego should be on recycled water. All water is recycled naturally by the earth. Treatments can be done in 48 hours. They are working on separate lines between water and recycled water. Public outreach is huge. Their website is bcvwd.org. They are doing a rate study right now. Redundancy is used. They are looking at their emergency response plan. He said he could do a presentation next month.	
Cherry Valley Healthcare Maint. Supr.	Kevin Dickson reported that he enjoyed the presentation. Thanks for the presentation	
AMR Supervisor	Dave Graham reported that volume is down a little right now. (Henry Ciesieski asked about the tactical team) Dave said that it is working well. He moved an on duty team to tactical. He will try and have them come by next month.	
Plantation on the Lakes/Vice President	Mike Simon reported that the Big Boy Steam Engine and 14-18 private cars would be coming through. It will be coming around 9am in Oak Valley. There is a viewing spot by Patsy's. If you would like to take the train it starts in Rancho Cucamonga and goes to Barstow then you take a bus ride back. It runs around \$700.00	
Secretary/The Church of Jesus Christ of Latter-day Saints	DeEsta West reported that her group had their first training exercise. It went fairly well.	
Announcements Upcoming Community Events	Safety Fair- Oct. 11 from 3-6pm at the Chatigny Center Oct 19 from 9am-2pm at the Senior Center in Menifee Oct. 17 and 18 SGMH Golf Tournament Nov.9 Spoke and Run	
Future Agenda Items	*VOAD is the 1 st Thursday every other month from 10-12 at Beaumont City Hall. It is held every other month.	
Adjourn	Next PASSCOM Meeting, Nov. 12 th at 8:30am in Modular C at San Geronio Memorial Hospital.	
	The meeting was adjourned at 10:11am	

Respectfully submitted by DeEsta West
